SMC Career Day Set For March 20

By ED LYNCH & BOB CORNELL

The Alumni Association under the direction of its secretary, Mr. Thomas Kenney, who is also Placement Officer, will sponsor Career Day on Campus, March 20 for the benefit of all St. Michael's students.

GRADUATES OF SMC

Career Day brings together graduates of St. Michael's College, to explain and give the unbiased opinions of insider, to the students on inquiries such as the following: salary, promotion, daily work, qualification, graduate school, and many others.

These Michaelmen, in several diversified occupations, will endeavor to explain to the students why the curriculum they followed helped them to advance in their present fields. They will attempt to correlate the ideas developed from the Bachelor of Arts program here at St. Michael's to those in professional fields, graduate work and the business world.

Career Day will start in Austin Hall at 2:30 P.M., with the principal speaker

giving a 30 minute keynote address.

Immediately following, there will be separate sessions in College Hall, affording the student an opportunity to attend three 20 minute lectures in the fields of his choice. In each of these sessions, there will be approximately a five to eight minute talk, to be followed by a question-answer period.

Each student will receive a form to be filled out, so that he may be directed to the proper lectures at a specific time. Career Day will conclude at 5 P.M.

There will be excused cuts from classes for all students with the understanding that there will be attendance taken at all sessions.

The Shell Oil Co. is sending a representative on March 10. Proctor and Gamble is also sending a representative from the New England Sales Division to speak to any interested Seniors.

Those persons who are interested, see Mr. Kenney in the Placement Office before March 9.

by Don Dakin

This is it! If ever the pressure was on it is on now. St. Michael's is hosting the NCAA Northeastern regionals which will begin tonight in Burlington Memorial Auditorium. Williams will face LeMoyne in the opener while St. Michael's attempts to hold off the Bulls from Buffalo.

EXTRA

Office of the Dean of Men

MEMO: TO ALL STUDENTS

Foreseeing that St. Michael's basketball team may participate in the National NCAA tournament in Evansville, the Academic Dean and the Dean of Men by directive of the President of the College formulate the following statement of policy pertaining to absence from class:

1. Permission to be absent from class can be issued only to members of the basketball squad;
2. Students who absent themselves from class do so at their own academic risk;
3. Only excuses signed by Informarian will be accepted in plea of absence because of illness.

PAUL A. MORIN, SSE
JAMES R. COOMBS, SSE
DEANS

Club At Norwich

by Maurice Rivard

In a Novice Tournament held at Norwich, Vt., St. Michael's placed second with a high cumulative total of 464 points.

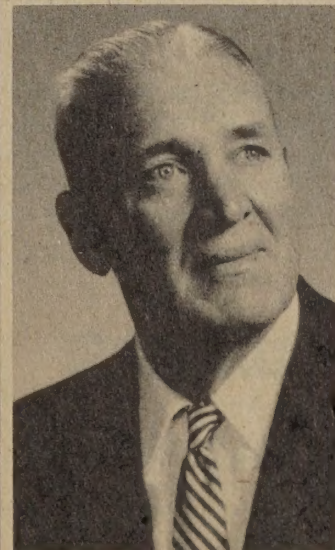

The Michaelmen placed behind the winning University of New Hampshire team who finished with a 5-3 record. Other participating teams were Norwich, American International and the University of Vermont.

Paul Upham, affirmative speaker for St. Michael's won the tournament's "best speaker" award in leading his team to four out of eight possible wins in the overall competition. The other speakers representing St. Michael's were Frank Amodemo and Joseph

(Continued on Page 2)

In the three year existence of the NCAA college division tournament the Purple Knights have received and accepted bids each year. In the 1957 tournament St. Michael's beat Amherst for the New England title but then lost to Rider in the finals which were held in Burlington also.

Last year with Tony Nicodemo

George 'Doc' Jacobs

and big "Moose" Zeitler leading the way the "Iron Mike" went all the way to the finals. This season without the help of Zeitler under the boards the men of "Doc" Jacobs did better than anyone expected. The opening loss to Steubenville was thought to be indicative of the coming campaign but as it turned out a team that the Knights beat twice later on beat the Barons from Ohio by 18 points.

With Buffalo bringing in a small team which concentrates on defense and does away with the old adage that the best defense is a good offense. St. Michael's will have to make every shot count. Remember it was a sparkling defense that enabled the Creighton team to run away with their game.

LeMoyne should find the going easy against Williams. The Ephs from Williamstown have had a good year but are not the class ball club that LeMoyne is. The battle of the scorers will be an interesting note in this game as each squad has a high scorer averaging close to 19 points a game. Dick Lynch of LeMoyne and Jeff Morton of Williams will be the men to watch.

Juniors To Name 3 Weekend Bands

by David Barry

Jim Aquino and Mike Gelinas, co-chairmen of this year's Junior Weekend, announced that the names of the bands will be released March 20 in the 'MICHAELMAN'.

There are three signed for the Weekend of May 8, 9, and 10. The story of March 10 will also relate the major activities of the Weekend. This year's theme is 'THE ROARING TWENTIES'.

ADVANCE TICKET SALE

With the announcement of the bands and activities advanced ticket sales for the Weekend will begin. These tickets will be sold in the College Dining Hall at the evening meal. Also

the music of the major band will fill the air of the Dining Hall.

P-DAY APRIL 10

The annual P-day, Publicity day, will be held on April 10. In the past P-day has usually been held prior to the Easter vacation. It is being held after the vacation because of the early date of Easter. This day offers everyone a sneak preview of the garb for and the type of activities that will compose the Weekend.

On the student committee assisting Mr. Thomas Kenney in planning Career Day are (sitting left to right): Don Goyette, Ed Lynch (Chairman) and John Hickey. Standing are (left to right): Phil Lagoy, Charles Messenger and Joseph Laurenza.

Strictly Speaking

by P. Terrence O'Grady

It seems the peculiar facility of moralists to becloud real issues with peripheral dogmatic pronouncements which when taken in the full context of their field invalidate themselves. Perhaps the most obvious manifestation of the phenomenon are the "words, words, words," that surround the question of education in the South. Needless to say the other directed liberal press draws its objectivity line (its truth line, for omission is also a lie) in the same place that Mason and Dixon drew theirs. The real issue here lies in the cause that flies the Virginia State Flag in a higher position than that of the federal union. It is not a question of whether the federal government should exercise its delegated powers or not. It is a question of where these powers stop and from what source are they derived.

Sovereignty is the right to final rule. By its very nature it cannot be divided. Only sovereign powers may be delegated. Sovereignty is a cause, the powers are its effect. Delegation is not surrender, only commitment. At this point a Thomist would declare "a cause is higher than, and simultaneous with, its effect."

Who then is sovereign? The answer can be found only in the objective investigation of the Constitution itself. Seldom, today, can it be found in the minds of nine black robes in Washington following the election results.

In Article Two we find the President elected by the Electoral College of the States. Article Five states only the States may change the Constitution which is indeed the Supreme Law of the Land. Article Five clearly points out the fact that the Constitution is "between the states". But most important is the Tenth Amendment:

"The powers not delegated to the United States by the Constitution, nor prohibited to it by the states, are reserved to the states respectively, or to the people."

Here in the language of the Constitution we see constructed a federal government with certain delegated powers as an instrument of the will of the people. Yet there still remains a power greater than the instrument which is ultimately sovereign, the power that created it, the state.

The Father of the Constitution, John Madison, proclaims in Federalist Thirty Nine "The proposed government cannot be deemed a national one, since its jurisdiction extends to certain enumerated objects only and leaves to the several states a residuary and inviolable sovereignty over all other objects."

Or if you will: The effect (sovereign powers in the federal government) can only exist while the cause (sovereignty in the state) exists and the cause can only cause according to its act.

But: The effect does exist and was caused (by the state).

Ergo: The state is sovereign.

We may conclude by Paraphrasing Madison's answer to Patrick Henry's persistent question of what was meant by "We the people". He said "not the people composing one great body" rather it is "the people as composing thirteen sovereignties." And then we may ask: Is Virginia so wrong?

Student Loan Motion To Enter Council

The following article is printed in the MICHAELMAN as a service to the representatives to the Student Council and as an item of interest to the student body. It is, word for word, a motion that the Student Council fund sponsor a Student Loan. This motion will be entered into the Council on Tuesday, March 10, at 6:30 p.m. in Science Hall 107. It should be clear that this motion is subject to alteration - and may or may not be passed - according to the appraisal of the entire Student Council. If the motion should be approved the MICHAELMAN will print it next week exactly as it will be adopted.

MOTION: That the Student Council Accept The Following Student Loan Proposal:

- I. AMOUNT--
Four Hundred Dollars (\$400.00) -- To be given by this year's council to be set aside for a permanent fund. If there is not four hundred dollars (\$400.00) left as profit in the 1958-1959 Student Council, it will be suggested to next year's council to make up the remainder.
(b) Succeeding Councils will not be burdened with the fund but rather will have the original four hundred dollars (\$400.00) which has been transferred from the previous year.
(c) No more than four hundred dollars (\$400.00) should be allotted by the council.

- II. THE INTEREST AND LENGTH OF THE LOAN --
A student may borrow up to fifteen (\$15.00) dollars at one time. He may not have two loans outstanding at the same time. The student may borrow the loan for a term not to exceed more than thirty days (30). There is not to be any interest charged as such. If, however, there is tardiness an interest of five cents (\$.05) will be charged on the dollar per week. This interest will accrue the day after the loan is due.

- III. WHEN IS THE LOAN TO BE PAID BACK DURING EACH SEMESTER --
All loans made from this fund before Jan. 18 must be paid by this date (except legally existing debts). All loans made from Jan. 18 to May 15 must be paid back by May 18 (No Exceptions). If the borrower does not comply with this he will not be allowed take his exams, both mid-years and/or finals until his debt has been cleared. The debtor will also be refused a transcript if necessary. All situations of this kind will be taken up with the School Treasurer and the Dean of Studies.

- IV. WHO IS ELIGIBLE FOR THIS LOAN --
All boarding students at Saint Michael's College with the following exceptions;
(a) A student in poor academic standing may not negotiate a loan.
(b) A member of the Senior Class may not negotiate a loan within thirty days (30) of the Comprehensive Exams.
(c) A member of the Freshman Class may not negotiate a loan until first Semester grades are published.

- V. HOW TO APPLY FOR A LOAN --
(a) A person applying for a loan must give a full day's notice of intent to make a loan. Exceptions will be made in cases of emergencies, to the discretion of loan officers. At the same time the student must state in advance the amount he intends to borrow, this amount may be altered as necessary, to the discretion of the loan officers.
(b) The Student will be requested to give a date when he will be able to pay the back. Preferably less than thirty days (30).
(c) The Student will be required to fill out a statement at the Treasurer's office immediately before receiving the loan. This statement will contain the aforementioned qualifications of the loan.
(d) If a person for some reason is refused a loan he will be properly notified as quickly as possible.
(e) The purpose for which The Student is making the loan will not be questioned.

- IV. THE REMAINDER OF THE YEAR --
WE PROPOSE ** to try this system on an experimental basis from March 16 to May 5, 1959. One hundred (\$100.00) will be allotted for the loan fund for this period. No loans will exceed \$10.- during this period.

- VII. WHO SHALL BE IN CHARGE OF THE LOAN AND THEIR DUTIES --
The Student Loan shall be directed by the treasurer of the Student Council and other member of the council appointed by the moderator. These persons will be responsible for adhering to the above qualifications. These same persons must be contacted to negotiate a loan. These persons will issue notes as affirmation or negotiation of a loan and this note will in turn be presented to the Treasurer by the student and the student will then be given the money.

Respectively Submitted,
James J. Carroll (Chairman)

The Broken Fungo

by Vin Farrell

After reading last weeks MICHAELMAN I was certainly enlightened on Lincoln. How could such maudlin doctrinaires as Sandburg and Nevins foist such a myth on knowledgeable people? Just think how many hours Daniel Chester French wasted chipping! Why he might have made better use of his time by putting Janus or Ponzi in the chair. Certainly the Illinois Chamber of Commerce better wake up - from now on it should be called "The Land of Bill Thompson." - Please America, beware of lean and hungry rail splitters. Why, it was just found out that George Washington made a deal with Cornwallis. To become serious for a moment I think the article was ill-timed, ill-conceived and certainly ill-executed. The Nincompoops of Nullification and their progeny (i.e. Vardman, Heflin, Bilbo, Rankin, The Talmages: "Old Gene" and "Hummon" and the rest) are finally being laid in their swill. The least we can do is not impede their trip.

Back to the lighter side of the epistolaty --- Those of you that want to know what goes on in laboratories - high in the Alps - No, Scientists don't put acid holes in handkerchiefs anymore - they mutate flies, grasshoppers, yellow-bellied sapsuckers, and all the flowers and fauna. I saw right before my eyes a bumble bee eat a regiment of Her Majesties finest (Blenheim, Saratoga, Waterloo, Savastapol, Fashoda and Ypres) right down to the last swagger stick. Luckily some ruddy colonial happened by with a "Flash Gordon Ajax-Nike-Nautilus" ray gun before they had to call for Kitchener. It seems that some bloody cosmic rays got mixed up in Ted Heath's recording session and blitzed the whole empire- we have yet to hear from Prince Philip (the sun never sets, you know.)

I didn't stay to see the second feature-Not that it wasn't as provocative as the first, but what can one hope to see after seeing Forrest Tucker outwit a catapillar. They have certainly come a long way since "The Squaw Man".

Dr. Livingstone?

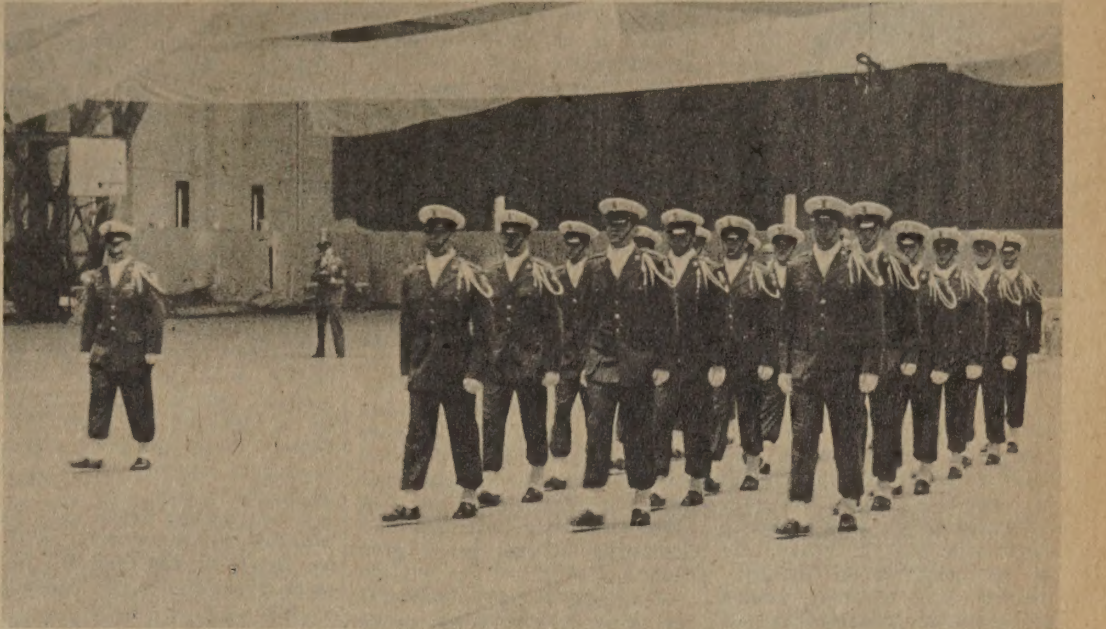

What a happy man he would have been if his man Stanley could have brought along a carton of Coke! That cold crisp taste, that lively lift would certainly hit the spot with any tired explorer. In fact, after your next safari to class—wouldn't Coca-Cola taste good to you?

Drill Team Retires Coveted NE Plaque

by Roger Plasse

The St. Michael's R.O.T.C. Drill Team has returned, once again victorious. Under the command of Cadet Major Laurence X. Clifford the Drill Team topped the field in the unarmed division at the seventh annual New England AFROTC drill meet held in Hartford, Conn., last Sunday.

It was the third consecutive year that the team has taken the unarmed championship, thus permanently, retiring the plaque. It is the first time since the annual drill meet has begun, seven years ago, that the unarmed plaque has been retired.

34 MEMBERS

The team, comprised of 34 members, along with Lieut. Col. Wiley M. Bondurant, Capt. Vernon D. Gores and Capt. Louis A. Bernabo, left last Saturday at 9 A.M. bound for Hartford, Conn. The team arrived at Hartford around 4:30 P.M. and spent the night at the Y.M.C.A. Saturday night, according to all the members, was well spent touring the city of Hartford.

The competitions began at 8:45 A.M. Sunday morning and continued on until 3:30 P.M. Such teams as Trinity College, Colby, Mass. Institute of Technology, Boston University, Harvard, University of New Hampshire, and Rensselaer Polytechnic Institute were eliminated in the semifinal competitions held in the morning.

97.9 OUT OF 100

Three unarmed teams, St. Michael's, Tufts and Union College were picked for the finals held in the afternoon. The St. Michael's team received the highest score ever attained by any team in the history of the competitions, 97.9 out of a possible 100 points.

A standing ovation was given to the St. Michael's team for both their precision drill and showmanship. The sharpness of the team was greatly enhanced by the locally well-known Laurence X. Clifford reporting procedure and the tin soldier marching of the right guide John "Barry" Burke.

Drill Team was "they re just like walking poetry". Col. Benjamin J. Karsokas, assistant commander of the New England area R.O.T.C. was overheard to say, about the Drill Team, "fantastic."

The meet was judged by master sergeants at the Eighth Air Force N.C.O. Academy. Westover A.F.B. The Drill Team is now considering taking up arms in order to compete in the Armed Forces Day Competitions held at Ethan Allen A.F.B.

STUDENTS
AT TOWN
MEETINGS

by John A. Chatowski

On Tuesday March 3, 1959 students from St. Michael's College attended various town meetings in the surrounding area.

The participants in this program were a member of the Contemporary Civilization class and advanced students from the English for Foreign Students Program.

Mr. Paul Power of the Political Science Dept. and Mr. Ernest Boulay, Director of the Program of English for Foreign Students made the various arrangements and directed the operation.

The various towns which were visited were Milton, Underhill, Colchester and Jericho.

At the town meetings the students had a chance to see at first hand New England Town Meeting Democracy in operation. Also heard were discussions concerning budgets and school affairs. Lastly the election of town officials was observed.

Each student was required to make a report of his observations to be presented in his respective class.

Glee Club Set For Joint Concert

On Saturday, the 18th of April, St. Michael's College will send its Glee Club of 50 voices to West Hartford, Conn., to sing a joint concert with St. Joseph's College.

Natural Shoulder
Light Weight
SPORT COATS

Just Arrived
at

NATE'S, INC.
5 Church St.
Burlington, Vt.

VERMONT'S LARGEST
MEN'S CLOTHIERS

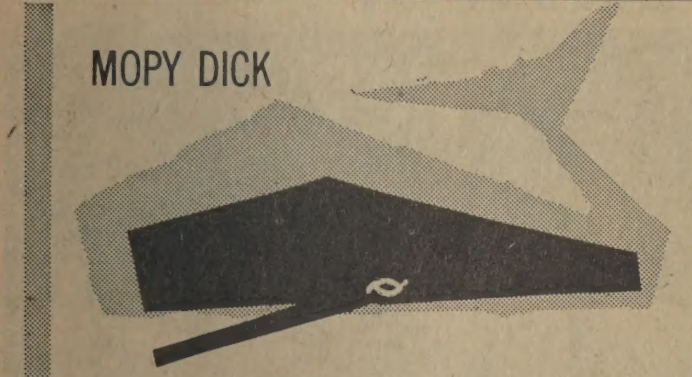

This will be the second time that the Club has performed there: the initial concert was in April of 1957.

A tentative program has been arranged among the joint numbers to be presented is the *Hallelujah Chorus* from Handel's *Messiah*. The SMC Glee Club will singly do a medley from *My Fair Lady*, among other things.

BELLOWS FALLS

On the return trip, the Club will present a Sunday night concert in Bellows Falls.

The second joint program of the year will be with Our Lady of the Elms in Chicopee, Mass. This will take place on May 6. Miss Claire Connors, secretary of the host's group, has been arranging the program with Jack Bucalo.

Call me Fishmael. Some months ago—don't trouble yourself about how many—I signed on as a deck hand aboard the charter boat *Peapod*, a most melancholy craft sailing out of Bay Shore, Long Island.

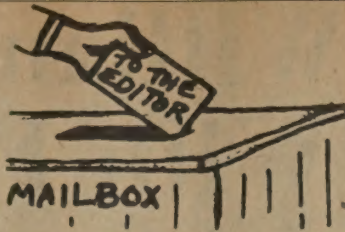

There are certain queer times in this patchwork quilt we call life when a man discerns the approach of some calamitous event; such a time came to me of a hot Saturday morning, as we were icing the Schaefer beer for the day's fishing ahead. My uneasiness centered about Captain Abah, asleep in his cabin since Thursday night—he swore he had contracted sleeping sickness in a battle with Mopy Dick, the Lazy Whale, and I found myself beset by the fear Abah would attempt vengeance.

The natural ebullience of our fishing party, gentlemen from the city of the Mahatteos, mounted even higher when they espied the Schaefer all agleam in ice and sunlight. "Ah!" cried one, "it is evident you know what is heard in the best of circles!" "Aye, sir," said Moonbuck, our first mate, "'Schaefer all around!'"

Suddenly a sleepy-eyed Captain Abah was in our midst. "Blood and thunder," he yawned, "today I wreak my hate upon Mopy Dick. Full speed ahead for the open sea."

Only Moonbuck made bold to ease the man. "Drink this Schaefer, my captain, and think on the wisdom of your move. Savor the smooth *round* taste—never sharp, never flat."

"I thirst only for revenge," he mumbled drowsily, but he took the proffered beer and stumbled wearily to his cabin. Perhaps in his dreams he vanquished Mopy Dick or was vanquished by him. I never knew, but I think it all had some great, allegorical meaning. The *Peapod* and Abah and Mopy Dick and the Schaefer were symbolic of something—surely something as mysterious and enduring as the rise and fall of the sea.

To the Editor,

In reference to the article, "Telephone Action Sparks Council", in the Feb. 22, issue of your paper, I would like to take this opportunity to clarify a misinterpretation of a statement made by me which appears in the article. I have been quoted as contradicting Mr. Burkle, which, as I later stated in answer to a remark from the Chairman of the Council, I did not do.

In my statement, I said that some calls for the students living on the third floor had been received on the fourth floor. The calls which I had reference to were on campus calls which do not go through the switchboard and one long distance call which was from the student's roommate.

The reason for my statement was to point out the inconvenience on the other floors in hopes that some plan could be reached whereby the phone would be installed on the third floor. This was in addition to Mr. Burkle's plea that calls be let through the switchboard to the third floor residents via the second and fourth floor phones.

I feel that in this misinterpretation of my statement an injustice to Mr. Burkle has been incurred and that the publication of this letter should rectify the injustice.

Med Students Should Take Fall Exam

Candidates for admission to medical school in the fall of 1960 are advised to take the Medical College Admission Test in May, it was announced today by Educational Testing Service, which prepares and administers the test for the Association of American Medical Colleges.

These tests required of applicants by almost every medical college throughout the country, will be given twice during the current calendar year. Candidates taking the May test, however, will be able to furnish scores to institutions in early fall, when many medical colleges begin the selection of their next entering class.

Candidates may take the MCAT on Saturday, May 2, 1959, or on Saturday, October 31, 1959, at the administrations to be held at more than 300 local centers in all parts of the country. The Association of Medical Colleges recommends that the candidates for admission to classes starting in the fall of 1960 take the May test.

The MCAT consists of a test of general scholastic ability, a test on understanding of modern society, and an achievement test in science. According to ETS, no special preparation other than a review of science subjects is necessary. All questions are to be of the objective type.

Copies of the Bulletin of Information which give details of registration and administration, as well as sample questions, are available from pre-medical advisors or directly from Educational Testing Service, 20 Nassau St., Princeton, New Jersey. Completed applications must reach the ETS Office by April 18 and October 17, respectively for the May 2 and October 31 administrations.

Knights All Set To Take Regional

"There is no place like home" - so true, so true. This cliché so aptly tells the story of the St. Michael's road-trip this season that it seems a fitting introduction. The Knights had just ended a fabulous homestand and were sitting pretty with a 17-3 mark. Then they left home and things began happening.

In two encounters with southland teams, the Knights were soundly trounced, their only satisfaction being that both of these opponents were among the best small colleges in the nation. Next came the "big city" opposition.

ADELPHI

The Panthers of Adelphi wasted no time in avenging last season's loss to St. Michael's in the Northeastern Regionals. They grabbed an early lead and increased it every minute. St. Mike's was never a contestant and ended up being shelled 101-69. Tony Nicodemo (named All-New England only last weekend) tossed in 18 points for the Knights cause but it was to little avail.

The following evening, the Michaelman tangled with the New York Athletic Club, minus the services of playmaker Jimmy Browne. This was the only real ballgame on the trip. The first half was nip-n-tuck with the New Yorkers enjoying a 28-24 lead at the break.

Spearheaded again by Nicodemo, the Knights notted the count and even managed a couple of one point leads in the second half. The score stood tied with 10 seconds remaining in the game but the fates prevailed against us.

With one second showing on the clock, former Hofstra star, Denny Costigan dropped in a 35 foot set shot for NYAC and that was the game, 56-54. Nicodemo shared the scoring honors with Costigan as both hit for 20 points.

HOST NCAA

Back home now, the Knights will host the Northeastern Regionals, opening against the University of Buffalo Friday night. "Home sweet home" might be the answer and the Bulls from the chestnut-strewn campus on Buffalo's upper Main Street might well be surprised if they look only at the past four contests as an indication of SMC's prowess.

Juniors Capture Duckpin League

by Dan Mahoney

The Juniors set two new records as they downed the Freshmen 4-0 in Monday night's Duckpin Bowling League.

TENCZA HITS 328

With a dummy bowler, the Juniors racked up a total of 1570 pins for their night's work. Three of the four bowlers had 300 plus triples. Stan Tencza led the way of the Juniors with a cool 328 game. He was followed closely by Ed Goyette and Ron Von Stetina who threw 307 and 306 games respectively. Ed Goyette's 131 was the high single of the evening which far surpassed the next high single game of Frank Lioce's 118, which was high for the Freshmen. The Juniors also had a 536 single game total of five bowlers which broke their own record of a week ago. The Juniors have one of the best college duckpin teams ever organized, as was shown this past Monday night as they won the league and went ahead of the second place team by 12 points.

JUNIOR'S RECORDS

The Junior bowlers hold, to date, five records including; high average, by Stan Tencza; high game, by Stan Tencza; high triple, by Bernie Rooney; high game total; and high match total. The juniors are Ron Von Stetina, Ed Goyette, Bernie Rooney, Fred Nowak, Dick Salzillo, and Stan Tencza.

The Sophomores won over the Seniors by a default because the Seniors didn't make an appearance. Dick Tinney looked the best as the Sophomores tried to boost their averages. The Sophomores moved into third place by this default, overtaking the Freshmen and coming within one point of the now second place Seniors.

POINTS

Juniors—36 (won the league)
Seniors—24
Sophomores—23
Freshmen—21

Juniors Regain Kingpin Lead

by "Lash" LeRoux

The class of 1960 regained first place in the Kingpin Bowling League this week with a decisive 4-0 victory over the Seniors. The two clubs were tied previous to this match.

John Zurlo and John Wyman led the Juniors over the Seniors who were weakened by the loss of Neil Shea. The Juniors won the first and second games by decisive margins but won a thrilling third game by only 2 pins. Next week the Juniors bowl against the Freshmen.

FROSH WIN

The Freshmen meanwhile posted a 3-1 win over the Sophs who were almost eliminated with only four matches left to be played. The Sophs are currently dwelling in last place. John Clancy, "Frenchie" Cellestino and Tom O'Donaghue all had a 500 series for the class of '62. Bill LeRoux has a 550 triple for the Sophs including a 211 and 208.

The Frosh won the first game by 80 pins and the second by 19. The Sophs salvaged the last game with an 874 series, the highest of the season. The Frosh who haven't been beaten in a month and a half, owe much of their success to Clancy Celestino and Tom O'Donaghue.

STANDINGS

Juniors	-	29 pts.
Seniors	-	25 pts.
Freshmen	-	24 pts.
Sophomores	-	21 pts.

SPORTS DESK

RYAN 220

"HEY! HEY! OUT TO INDIANA!"

Just how much is St. Michael's going to miss the outstretched arms of "Moose" Zeitler? With practically the same team back from last year's NCAA finalists the Knights will be put on the stand this weekend for their final trial. Can they come through? Will the fine play of Dave Mracek and Ralph St. Peter be enough to offset the loss of last year's captain, Drew Denmead and Big "Moose"?

When the season opened at home with a resounding loss to Steubenville everyone figured the year was shot. And then the loss to UVM. This was too much to take! letting the Kittens from across the river win our own tournament!! The hoop glory at St. Michael's had finally ended in a sad note. However

The team started to roll. With Browne leading the way the Knights copped the Down East Tourney and the wins started to pile up. Two victories over Colby, two over LeMoyne and two pleasant trounces of UVM were added. Mracek came off the bench to actually pull more rebounds than Zeitler and score only 2 less points a game. St. Peter ran up and down the court scoring 20 points in four out of five games after taking a starting role when Knobby got hurt.

Nicodemo is on his way to his best year with only 15 points needed to reach the 1000 point mark and but 19 shy of breaking two school records. Gretkowski is clicking for 13 points a game and pulling about 18 rebounds a game, his best rebounding effort in three years of varsity play. And finally Jim Browne. Even with a broken hand he plays good ball.

Remember there are no western clubs in the tournament this weekend. Buffalo and LeMoyne will try but with little success to keep this determined squad from another chance at the National title. They play their best ball in tournaments. This was proven last year in Evansville.

LeMoyne Favored

Probable starters for LeMoyne will be Dick Lynch, Bob Hollembaek, Chuck Sammons, Capt. Dennis Morrissey and Dick Nendza if he recovers from ankle and knee injury suffered in pileup during Scranton game last Sunday. In that game Nendza scored 24 points. If Nendza does not star, Tommy Burns will.

Lynch, at 6-4, is the tallest on the team. For 20 games he has 376 points on 156 field goals and 64 fouls. He holds the Middle Eastern College A.A. single game record with 39 points against St. Peter's; last year he was the highest scoring sophomore in LeMoyne history with 384 points and 17.5 average; this year his average is 18.8; very effective with leaping, outside push shots; drives in well for layups; is a strong rebounder.

Hollembaek is the floor general for the LeMoyne attack; fine ball-handler and playmaker; very good "clutch" shooter; heady and poised; very aggressive; has fine leaping jump shot. Hollembaek will probably guard St. Michael's Tony Nicodemo.

Sammons, sturdy soph, is strong rebounder and fine shooter. Has scored 188 points in 18 games. It was Sammons' last-second basket that gave LeMoyne it's 70-68 win over St. Peters.

Williams Up Here With Fine Record

The 1958-59 basketball season has been one of the brightest in the history of the sport at Williams. The Ephs have capped a fine season by nailing down a bid to the NCCA regional tournament.

The season began on a weak note as the Ephs travelled to Cambridge to play Harvard. Without the services of forward Bill Hedemen who was not permitted to play any away games during the first semester, the Ephs lost to the Crimson by an 80-70 score. Three days later, the Ephs started their winning ways in beating the Coast Guard on the Williams floor. Trinity and the U. of Mass. also fell to Williams before the squad travelled to Springfield to appear in the Christmas tourney. The team posted wins over UMass. and Harvard to gain the finals where the Ephs lost to host Springfield by a 77-66 score.

After two more wins in regular season competition, the Purple met traditional rival Amherst and beat the

Jeffs at Amherst, the first time a Williams basketball team had done this in 9 years. During mid-semester recess, playing at Kings Point on Long Island, the Williams club beat the Mariners and Senior Geoff Morton broke the all-time Williams career scoring record with over 1000 points in three years of varsity play.

An upset loss to American International followed the team's return to New England but this was redeemed by a strong showing in beating Springfield 69-61 on the losers floor. Wins over Middlebury, Union, Siena and R. P. I., and losses to Wesleyan and Army have rounded out the season's picture. In total, the well-balanced Ephs have posted a 14-5 record for the season. The squad is led by Seniors

Pete Willmott and Geoff Morton. Willmott, the team captain, is a guard who has developed a deadly outside set shot. A brilliant playmaker he has proved a great leader for the Williams club. Morton, from Mentor, Ohio, is the top scorer on the club and in Western Mass. college circles. He has won all-star acclaim as an outstanding player in New England. Hedeman, to fulltime duty after the second semester started, has provided excellent support and scoring punch under the boards.

Soph forward Sam Weaver and Senior guard Bob Parker round out the Purple starters and unlike previous years, this season's Eph team is blessed with good depth.

Williams Basketball Team: Front, left to right; Farrell, Weaver, Mublhause, Boynton, Willmott (Capt.), Brown, Horst, Webb (Mgr.). Back Row; Schreiber, Bevan, Montgomery, Guzzetti, Morton, Hedeman, Morris, Brayton, Parker, Frick.

Bulls In Vermont With Top Defense

The University of Buffalo basketball Bulls are but two games removed from wrapping up another banner season under Coach Dr. Leonard T. Serfustini.

The good Doctor has already guided the veteran Bulls to a 14-6 record and a third straight NCAA College Division tournament berth. Last year, a red-hot American University team upset the Bulls in the Mid-East Regional opening round.

Five seniors have been with Serf since the start. Joe Tontillo, Bernard Kurowski, Robert Kirchberger, Al Massotti and Howard Lewis. Tontillo is the Bulls' fifth all-time scorer. Lewis is the defensive whiz on a club that emphasizes defense. According to Al Severence, coach of nationally ranked Villanova, "Lewis is

about the best in the business." "He gave Joe Ryan, the Wildcats' captain and top scorer, an inferiority complex." Ryan got a total of 8 points in the recent UB-Villanova thriller.
